Mathieson Moller

Construction Project Manager · Wellington

Available from **mid June 2026**

Construction PM with a Foreman background. Three years at Williams Corporation in Wellington as Junior, then Intermediate PM, contributing to delivery of **183 homes across 9 sites** Oct 2021 – Mar 2024 — up to 4 programmes running concurrently at peak. 50/50 site/office, with an **offshore Assistant PM + QS** embedded in the team. Started as a labourer and worked up through foreman — the best classroom I could've asked for in understanding what subbies need from a head contractor.

Passion for homes runs deep — own and self-manage a Wellington rental. Every home delivered to a client gets the same standard I'd want for my own. No exceptions, no shortcuts.

183	\$137.7M	9

The proof behind the numbers

EXPERIENCE

Project Manager (Junior 2021 → promoted to Intermediate 2023)

OCT 2021 – MAR 2024

Williams Corporation · residential developer

Wellington, NZ

Junior PM 2021 → Intermediate 2023. Delivered **183 homes / 9 sites / \$137.7M**. Daily site visits across multiple programmes, 50/50 office & site.

- Up to **4 active sites simultaneously** · combined value \$50M+
- Procured every trade package via existing subbie + QS network
- **HSE primary** — toolbox talks, weekly H&S inspections scored /100
- Owned QA, handover & defect resolution through defect-liability
- Coordinated every council inspection through CCC — pre-pour to final
- Managed **offshore Assistant PM + QS** from Philippines + mentored an NZ PM trainee

Director

MAR 2024 – MAR 2026

APEX Recruitment · scaled team to 9 employees

Manila, Philippines

Founded a **remote recruitment company** offshoring Philippine talent — direct extension of the offshore team built at Williams. Scaled zero to **9 employees**. All-sector with construction clients on the book.

- Owned financials, budget & full P&L; built and led the team across time zones
- Direct transferable: team leadership, commercial discipline, fixed-price subbie + client delivery

Cadet Foreman

FEB 2020 – JUN 2021

Redican Allwood Construction

Wellington, NZ

First leadership role on the **13-storey Pinnacle Apartments, West Tower**. Ran a labourer team through QA, snag-list & handover.

- Owned QA walks + snag-list management into client handover
- Final-finish checks; chased trades through defect resolution
- Bridge from tools to PM — first time leading on site

Cadet

MAR 2018 – OCT 2019

LT McGuinness

Auckland, NZ

Two years labouring on Auckland sites with one of NZ's most respected main contractors. Under the PM, watching how a quality site is run.

- General labouring across high-spec commercial & residential delivery
- First exposure to programme constraints, subbie sequencing & head-contractor standards
